

Our Store would like to update you on Toilet Paper and other essential item shortages across the State.

We are working very closely with our suppliers to get products onto shelves as fast as possible. The makers of Kleenex, Sorbent and Quilton toilet paper have all increased their production to meet this demand.

We are constantly monitoring the situation and will do our best to keep all products freely available to everyone. However, if we see new shortages, stores may introduce limits. This will only occur if absolutely necessary.

Our team members are doing the very best they can, so please be polite with any questions you may have.

We thank you for your patience and understanding.
